

To our valued customers,

We wish to advise you that there has been a major change to the availability of the Australia's Own Organic range in our major customer – Woolworths. Despite the positive sales throughout the category and growing at over 15%, Woolworths have decided to reduce the distribution of the Australia's Own Organic range of Soy, Rice, Oat and Almond milks to less than 280 stores (previously over 800 stores). This recent change in distribution has subsequently resulted in calls from lovers of Australia's Own Organic products asking what has happened.

As an important service to our loyal customers we can advise that Australia's Own Organic is still available to purchase in Coles stores nationally as well as most IGA stores. If your local IGA store however doesn't have it, the store manager should be more than happy to assist you in getting the stock in. By quoting the following product numbers your local IGA store manager can order them in without even having to look them up:

Australia's Own Organic Almond Milk – 331383
Australia's Own Organic Rice Milk – 016307

You can also contact us on 1800 646 231 and we can locate a store in which you can purchase them – Jacqui and Wendy will be happy to help you.

We truly appreciate and value you all as our customers. Without you, we don't have a business. We will always work hard to make great products for you. We also try to listen to you and take on board any feedback you may have for us.

Many Thanks

The Australia's Own Organic team
